RAPIDFIRE RENTALS

SCHOLARSHIP AWARDS DINNER

We awarded two scholarship winners this year!

Ty Stover, studying Building Construction at Alfred State College of Technology, was our top Bill Paul Scholarship recipient. Luke Charney (pictured) is in the Construction Electrician Program at Rosedale Tech.

We wish both students the best of luck in their studies and look forward to seeing them in their careers soon!

BARTON MALOW

Thank you to Mark Chachula and Mike Hallas from Barton Malow for being our guest speakers last month!

BRIAN JOYCE (W.G. TOMKO, INC.) ASA WPA CHAPTER PRESIDENT

MARC FELEZZOLA (BABST | CALLAND) ASA NATIONAL ATTORNEYS' COUNCIL

RYAN MCCANN (BABST | CALLAND)

ERIN JOYCE - ASA WPA EXECUTIVE DIRECTOR

TESTIMONIALS - WHY ATTEND A SUBEXCEL?

MARC FELEZZOLA
(BABST | CALLAND)

Attending the ASA SubExcel Conference and participating in the Attorneys' Counsil Meetings is always a valuable experience for me. One of the greatest benefits of the conference is the opportunity to connect with colleagues from across the country, exchange perspectives, and learn about the trends and challenges affecting the subcontracting industry in different markets. Hearing firsthand how subcontractors are navigating these issues, adapting to changing conditions, and addressing common challenges provides valuable insight beyond my own practice and region. Just as importantly, understanding how others have responded to these challenges helps me anticipate potential issues and be better prepared to address them effectively if and when they arise in our own market. The relationships built and knowledge shared make SubExcel a worthwhile investment of time and an opportunity I would encourage others to take advantage of.

As a younger member, I truly appreciated the opportunity to connect with and learn from experienced professionals across the construction industry. The conference provided a valuable opportunity not only to exchange ideas and gain new perspectives, but also to build relationships with people whose experience and insight are invaluable. I especially appreciate how the American Subcontractors Association creates opportunities for knowledge and experience to be passed on to the next generation. That kind of connection between established professionals and younger members is incredibly valuable, and I am grateful to be part of an organization that fosters it.
